**Subject: Request for Financial Support to Purchase Essential Equipment and Instruments**

Respected Sir/Madam,

I hope this letter finds you in good health.

You are already aware of our healthcare institution and the humanitarian services we have provided for the last 26 years.

We are pleased to inform you that, with the generous support of donors like yourself, we are now preparing to relocate to a new, state-of-the-art 250-bed multispecialty and superspecialty hospital. This facility will house 19 full-time departments, including Gynecology, Pediatrics, Ophthalmology, Orthopedics, Surgery, Cardiology, Dentistry, Dialysis, and Dermatology (currently running 9 departments). Additionally, we plan to introduce 10 new departments: Urology, Neurology, Cardiac Care, Cancer Care, Critical Care, Gastroenterology, Radiology, Blood Bank, Advanced Pathology, and Physiotherapy. This will bring the total to 17 departments for treatment and surgery, along with two diagnostic departments: Pathology and Radiology.

This new hospital will enable us to provide comprehensive healthcare services to our poor and needy patients on a daily basis, extending benefits to the underprivileged in this area.

For the past 26 years, we have persistently provided humanitarian services to remote tribal and economically disadvantaged areas where government agencies have been unable to offer adequate healthcare. Our hospital remains committed to offering treatments and surgeries either free of charge or at very low, nominal costs.

The construction of our new hospital building is now complete. We kindly request financial support from donors to help us purchase the necessary equipment and instruments required to make the shift to the new facility.

Your financial assistance will be of immense value, allowing us to continue serving poor and needy patients. We are planning to move into Block A (250 beds) after Diwali, on Labh Pancham.

Once relocated, we will construct a bridge connecting the new hospital building to the main highway, followed by an official opening ceremony on January 20, 2025.

We eagerly await your positive response and support.

Thank you and best regards,

Dr. Bansibhai Patel
